

IP 2411 wall paper canvas is a highly washable paper for wall decorations. This material has been specifically designed for digital printing on large-format inkjets and is suitable for printing with eco solvent and solvent inks as well as UV-cured inks.

IP 2411

IP 2411 is a printable wall paper with a canvas look structure. Due to its non-woven backing, this wall paper is very easy to apply with wall paper glue (for non-woven liner) and has a first class removability. The printed material can be cleaned with warm water and soap, with use of a soft sponge, and the printed graphics are also very scrub resistant. Both test results can be categorized as the highest standard in the wall paper industry. IP 2411 can be used to personalise home interiors, show rooms, trade shows, events, hotels, restaurants and many more applications.

Wall paper glue recommendation: Most well known brand: Henkel
 French local brand: 'Quelyd'
 Look for 'non-woven' quality in general which can be found in most Do It Yourself shops

| Specifications | |
|------------------------|--|
| DESCRIPTION | Wall paper |
| COLOUR | White matt |
| THICKNESS | 330 μ |
| WEIGHT | 240g / m ² |
